

ADAM!

The ADAM! stretcher lift perfectly combines unique
modern design and maximum functionality

ADAM! - bath stretcher lift

Modern, safe and convenient ...

ADAM! - Advantages for your carers and residents...

- ❑ Manufactured entirely from aluminium and stainless steel
- ❑ **Electrically adjustable back rest**
- ❑ 100% suitable as a shower stretcher
- ❑ Wide reclining surface
- ❑ Removable PUR cover
- ❑ Integrated side bars (optional)
- ❑ Simple operation by just one carer
- ❑ Low transfer height of just 46.5 cm
- ❑ Closed, smooth-running double castors
- ❑ Hand control panel with visual display of the battery charge level
- ➔ **The battery and charger match all mobile BEKA Hospitec lifters!**

Hand control panel

Hand control panel with service and fault display as well as battery charge level display.

Aluminium carrier frame and lifting column

Extra light thanks to the use of aluminium.

Double castors

Closed, smooth-running double castors, two with brakes.

Optional scales

Optional: Integrated scales with power supply from the central battery.
