

AVERO Comfort Fix

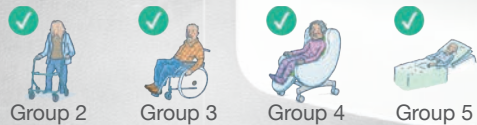

beka DIFFERENT
BY DESIGN

Economic solution with modern look
for your care bath.

The AVERO Comfort Fix boasts an elegant and domestic look. The ergonomically shaped fixed height bath tub is suitable for all care hoists on the market and can be placed anywhere in the room.

A large upper body area offers bathers maximum comfort, which is further supported by the armrests in the inner tub body. The AVERO Comfort Fix is available with a working height of 650 mm or as a model with a working height of 750 mm.

Group 2 Group 3 Group 4 Group 5

✓

Modern design with a familiar character

The AVERO Comfort Fix fits easily into modern care bath concepts. The elegant and domestic look ensures a familiar feeling when bathing.

✓

Generous, ergonomic inner tub body

Due to the large recessed armrests and the high-quality handles, residents always have optimal and comfortable hold in the tub.

✓

Different working heights can be selected

The AVERO Comfort Fix can be ordered with a working height of either 650 or 750 mm.

✓

Numerous (wellness) options available

In addition to our extensive wellness options, which effectively contribute to the well-being of bathers, the AVERO Comfort Fix also offers additional options in terms of safety and hygiene.
