

Hydro-Airjet foot-bath II

## Hydro-Airjet foot-bath II

... optimal for hydro-therapy of feet, ankle and calves

Special developed feet- and leg bath with 16 single adjustable special-hydro jets. Air-admixture with a separate injector-controlled valve.

By the ergonomical arrangement of the jets the treatments of feet- and ankle areas as well as of calves areas can be carried out perfectly.

Self-supporting construction made out of shock- and acid-resistant GRP-material. Height stability by levelling aluminium feet. Inclined inside-shape for relaxed leg support.

Thermostatic-controlled fittings for water-inlet and hand shower.

### Technical Data:

#### Hydro-Airjet foot-bath II
