

Under water massage unit UWM

Under water massage unit UWM

... quality made in Germany

Spacious hydro-therapy unit with 610 l or 810 l capacity. The large tub volume is an ideal condition for under water pressure stream massage, because an optimal positioning of the patient is possible. 6-step full-PVC-pump, capacity 200 l/min with pressure control valve 0-6 bar, massage hose (2 m long) with different jets. 1"-tub filling and shower fittings. Isolated build-in valves. 4 floor-leveling aluminium feet with PVC caps.

- Optimal positioning of the patient
- Large tub volume for under water pressure stream massage
- Shock-proof and acid-resistant GRP-material
- Clearance height for free access with patient lifts
- High stability
- Options: adjustable head rest, adjustable tub shortener, back rest
